**Apostolic Exhortation, Gaudete et Exsultate continued...
THE CALL TO HOLINESS**

MORE ALIVE, MORE HUMAN

32. Do not be afraid of holiness. It will take away none of your energy, vitality or joy. On the contrary, you will become what the Father had in mind when he created you, and you will be faithful to your deepest self. To depend on God sets us free from every form of enslavement and leads us to recognize our great dignity. We see this in Saint Josephine Bakhita: "Abducted and sold into slavery at the tender age of seven, she suffered much at the hands of cruel masters. But she came to understand the profound truth that God, and not man, is the true Master of every human being, of every human life. This experience became a source of great wisdom for this humble daughter of Africa". [30]

33. To the extent that each Christian grows in holiness, he or she will bear greater fruit for our world. Holiness does not make you less human, since it is an encounter between your weakness and the power of God's grace. For in the words of León Bloy, when all is said and done, "the only great tragedy in life, is not to become a saint". [32] **To be Continued.....**

Tom Chau
Toronto, Ontario

Dr. Tom Chau has developed pioneering access technologies to help non-verbal individuals overcome communication obstacles. Working with a multidisciplinary team, Dr. Chau has examined how hemodynamic signal features and facial thermography can be employed in emerging methods of electrical engineering and machine learning. The result is a range of personalized, life-changing assistive technologies that give voice to the voiceless. From virtual musical instruments and vocal cord transmitters to an ultrasonic brain-computer interface, these innovations have had a profound impact on families, caregivers and health care providers by boldly reimagining the way we communicate. Nominated by MaRS Discovery District.
